

This report covers 2 family members. Risk levels generated by XGBoost ML models trained on 470,000+ records.

Hardik Agarwal

Health Score: 81.0/100 | Grade: B

Vitals This Week

Metric	Your Average	Normal Range	Status
Blood Pressure (Systolic)	138.0 mmHg	90-120 mmHg	Abnormal
Blood Pressure (Diastolic)	88.0 mmHg	60-80 mmHg	Abnormal
Blood Sugar	142.0 mg/dL	70-100 mg/dL	Abnormal
Pulse Rate	82.0 bpm	60-100 bpm	Normal

Medication Adherence

=====----- 73% | 18 of 22 doses taken | 4 missed

Risk Assessment (ML Model)

Condition	Risk Level	Confidence	Key Driver
Diabetes	HIGH	98%	Elevated blood sugar 142 mg/dL
Hypertension	MEDIUM	96%	Systolic BP above 130 mmHg
Cardiovascular	HIGH	85%	Combined BP and glucose elevation

What's Driving These Results

■ Elevated systolic BP 138 mmHg ■ High blood sugar 142 mg/dL ■ Medication adherence below target 73% ■ BMI indicates overweight 27.4 ✓ Pulse rate normal 82 bpm ✓ Diastolic BP close to normal

AI Health Summary

Hardik, this week showed some areas that need attention alongside real positives. Your blood pressure and sugar readings were slightly elevated. Taking your medications more consistently will help bring these numbers toward the healthy range.

■ This Week's Tip: Try a 20-minute walk after dinner to lower post-meal blood sugar levels.

Small consistent steps today build a healthier tomorrow. You are on the right track!

Priya Agarwal

Health Score: 91.0/100 | Grade: A

Vitals This Week

Metric	Your Average	Normal Range	Status
Blood Pressure (Systolic)	112.0 mmHg	90-120 mmHg	Normal
Blood Pressure (Diastolic)	74.0 mmHg	60-80 mmHg	Normal
Blood Sugar	88.0 mg/dL	70-100 mg/dL	Normal
Pulse Rate	70.0 bpm	60-100 bpm	Normal

Medication Adherence

===== 95% | 20 of 21 doses taken | 1 missed

Risk Assessment (ML Model)

Condition	Risk Level	Confidence	Key Driver
Diabetes	LOW	96%	Blood sugar well within range
Hypertension	LOW	98%	BP consistently normal
Cardiovascular	LOW	92%	All indicators healthy

What's Driving These Results

✓ Blood pressure excellent 112/74 mmHg ✓ Blood sugar normal 88 mg/dL ✓ Medication adherence excellent 95% ✓ Pulse rate normal 70 bpm

AI Health Summary

Priya, you had an excellent week! All your health indicators are within the healthy range and your medication adherence is outstanding. Keep up the great work.

■ This Week's Tip: Keep maintaining your current routine. Consistency is the key to long-term health.

Excellent work this week! Your dedication to your health is truly inspiring.
